ATTACKING THIRD LINE

British Army Contin- ues to Gain.

FRENCH SENDS REPORT

Positions Taken Were of Ex- ceptional Strength.

London, Sept. 29.—An official communication made public, dealing with the operations in France Tuesday, says that in the heavy fighting around Loos the British have taken exceptionally strong German lines of trenches and bombproof shelters several hundred yards in extent.

Having taken the German second line, the statement says, the British are now after the third line of trenches.

In all more than 3,000 prisoners have been taken and twenty-one guns and forty machine guns have been captured and others destroyed.

In Champagne the French are attacking the German second line of trenches and are making further progress. The successes won are recognized as very important, but the main object, which is to break through the German lines, has not yet been accomplished.

Both British and French have greatly improved their positions and by gaining the hills and crests from which they can dominate the German lines of communication their next attempt to obtain a decisive victory should be made easier to carry out, is the view of the experts in London.

The campaign in Champagne is over a sixteen-mile front, where the French are attacking and now are within less than two miles of the railway which crosses the country behind the German positions and which has been so useful to them in moving troops and supplies to the threatened points.

With the French guns within easy range the railway is rendered useless.

HEAVY FIGHTING IN EAST

At Least Four Separate Battles Are in Progress.

London, Sept. 29.—There has been no cessation of the heavy fighting on the Russian front. From Riga down to Galicia the allies are contesting every inch of the ground and at least four separate battles are in progress. Field Marshal von Hindenburg has resumed his effort to reach Dvinsk, which town has been denied him so many times. The Germans announce that the Russians have been driven from two successive lines of trenches to the southwest of Dvinsk.

Except for Field Marshal von Mackensen, who is held in the Pripiet marshes, all the German generals report advances, even General von Linsingen, whose army was rather roughly handled by the Russians in Volhynia, having with the aid of strong reinforcements been able to take the initiative again. In addition to recapturing Lutsk, he has crossed the Sty river below that fortress.

In Galicia the Russian General Ivanoff is still holding the Austrians back and is himself gaining ground.

HOLDING ENEMY IN CHECK

Berlin Says Attempts to Break Ger- man Line Fail.

Berlin, Sept. 29.—"The enemy continued his attempts to break through our lines without achieving any result," says an official statement by army headquarters. "On the contrary, he suffered in many places very considerable losses, besides bringing us an appreciable gain in territory."

"Our counter attack resulted in our capturing twenty officers and 750 men, increasing the number of prisoners taken in this locality to 3,397 men, including a number of officers. Nine additional machine guns were captured."

"At Souchez, Angres and Roclin-court and also along the entire front from the Champagne to the Argonne attacks by the French were repulsed without a break."

French General Is Hit.

Paris, Sept. 29.—Brigadier General Marchand of Fashoda fame, who has distinguished himself several times in the field in the present war, was wounded in the course of the fighting in the Champagne district, when the French forces took the offensive Saturday. The general was hit in the abdomen by a fragment of shell. His condition is serious.

Presidential Nomination.

BRYAN IS NOT A CANDIDATE

Also Undecided About Going to Europe on Peace Mission.

Atlanta, Ga., Sept. 29.—William J. Bryan declared that he will not seek the Democratic presidential nomination next year and that he is undecided about going to Europe as private peace envoy.

"I am not a candidate and will not be a candidate for the nomination," said Mr. Bryan. "I regard it as entirely too early to discuss the next national convention of the Democratic party."

"I have not yet reached a decision on the proposition to go to Europe to try to bring the war to an end."

GERMAN LINES ARE UNUSUALLY STRONG

General French Is Attacking Third Position.

London, Sept. 29.—"Severe fighting continued Tuesday around Loos and to the north of that place. We now hold all the ground north of Hill No. 70, which the enemy retook on the 26th," says Sir John French's report.

"We have made further progress to the south of Loos and captured another gun. The total number of guns captured by us is now twenty-one. There are several more between us and the enemy which have been abandoned by him."

"Our number of prisoners now exceeds 3,000. The number of machine guns captured is forty. Many more have been destroyed by our bombardment."

"The enemy's lines taken by us are exceptionally strong. They consist of a double front line, which include two large works named by him the Hohenzollern and Kaiser Wilhelm redoubts. These consisted of a network of trenches and bombproof shelters several hundred yards in extent. The second line ran just west of Loos."

"We are now closely engaged with the enemy's third line."

"Our aeroplanes bombed the railway line near Betaune, wrecking a train. They also damaged the railway near Achiet-le-Grand (Pas de Calais)."

CZAR CONGRATULATES FRENCH ON SUCCESS.

Paris, Sept. 29.—Emperor Nicholas telegraphed to President Poincare from the general headquarters of the Russian army his congratulations on the French success in the Champagne region as follows:

"On learning the news of the great success won by the glorious French army I take occasion to address to you as well as to your valiant army my warmest felicitations and most sincere wishes for the future unalterable prospect of France."

AMERICAN SERGEANT KILLED.

Washington, Sept. 29.—Sergeant Edward C. Thompson of the Sixth company of marines at Port au Prince, Haiti, was killed by Haitian outlaws while returning to camp at the head of a party which recovered the body of Private Mather I. Littak, who had been accidentally drowned while swimming.

French President Comforting a French Hero

No European ruler of the warring European nations, not even the Kaiser, spends more time among his troops than does President Poincaré of France. This photograph shows him shaking hands with a wounded French hero and inquiring about his condition. The picture was taken very recently in the military hospital St. Nicholas at Issy-les-Moulineux.

GREATEST BATTLE IN HISTORY FIRST MAD RUSH IS THROUGH

(By United Press)

London, Sept. 29.—A great storm of shells is bursting across France at the Flanders front in the second phase of the greatest battle of the world's history. The first mad rush through the German lines is over, and the allies have settled down to steady hammering, intending to exhaust and wear down the Germans for another rush which is intended to bite deep into the German lines.

FRENCH MAKE IMPORTANT GAIN; GERMANS STOPPED BEST BLOW

(By United Press)

Paris, Sept. 29.—An official bulletin says the French have made important gains in both the Artois and Champagne regions, and furious attacks were continued last night and this morning. After a stubborn battle the French took Hill No. 140 dominating the heights to the southward, together with 300 prisoners mostly guardsmen. The German losses are 120,000 men thus far on the entire front. In the Artois and Champagne regions alone, the French have imprisoned 23,000 Germans, and taken 79 cannon.

RECAPTURE TRENCHES

(By United Press)

Berlin, Sept. 29.—An official bulletin says the Germans have recaptured from the British several rows of trenches north of Loos. Upon every front the allies' attacks have been repulsed. It is admitted they were unable to eject the enemy from the trenches in the vicinity of Souchez.

EXPECTED INVASION BEGINS

(By United Press)

Athens, Sept. 29.—Three hundred thousand Austro-Germans have begun the expected invasion of the Serbian frontier. The Serbians are supremely confident.

CZAR FAILED TO ATTACK

(By United Press)

Athens, Sept. 29.—Two members of the Bulgarian cabinet resigned because Czar Ferdinand failed to immediately attack Serbia.

REMOVED WAR POSSIBILITY

(By United Press)

Rome, Sept. 29.—The allied successes have removed the possibility of a Bulgarian war immediately, said the Sofia correspondent of the Tribune.

(By United Press)

Berlin, Sept. 29.—The important successes, despite the allies' greatest attacks, have aroused wild enthusiasm and all French attacks since Sunday have been repulsed. Gen. Von Hindenburg is threatening Dvinsk on the eastern front. It is realized that the western battle is incomplete and the allies may gain further slightly, but their best blow was struck Saturday and stopped.

FLOODS OVERWHELM TROOPS

(By United Press)

London, Sept. 29.—Dispatches from Petrograd say the 43rd German army corps has been overwhelmed by floods in the Pinsk marshes and nearly the entire corps has perished.

KAISER TO WESTERN FRONT

(By United Press)

Amsterdam, Sept. 29.—It is reported that the kaiser has abandoned his trip to Berlin and has gone direct to the western front. The German newspapers received here admit that the western struggle will probably be decisive.

GAFFNEY ASKED TO RESIGN

American Consul General at Munich Will Be Dismissed.

Washington, Sept. 29.—Thomas St. John Gaffney, American consul general at Munich, Germany, has been asked to resign his post because of partisan utterances on the European war.

Officials would make no announcement concerning the case pending receipt of word from Mr. Gaffney.

The consul general is understood to have made statements reflecting on the president's policy.

Should Gaffney decline to resign it was intimated by officials that he would be dismissed from the service.

FIRE AND EXPLOSION ON ITALIAN WARSHIP

Rear Admiral De Cervin Among Dead in Accident.

Paris, Sept. 29.—A dispatch to the Havas agency from Brindisi says:

"A fire which was followed by an explosion has occurred on board the Italian battleship Benedetto Brin."

"Eight officers and 375 marines have been saved thus far."

"Rear Admiral Baron Ernesto Rubini de Carvin is among the dead. The fire was accidental."

The battleship Benedetto Brin was a vessel of 13,427 tons and in peace times carried a complement of 720 men. It was completed in 1904 at a cost of \$5,750,000.

The battleship, which was of the dreadnought class, carried four 12-inch, four 8-inch and twelve 6-inch guns, twenty 12-pounders, two 1-pounders and two Maxims. It also was armed with four torpedo tubes. The vessel had a speed of about 20½ knots an hour.

BADGER "U" TO GET JOHN MUIR'S CLOCK.

San Francisco, Sept. 29.—John Muir's famous clock, which, in addition to keeping time, awoke him in the morning by tipping his bed, will become the property of the University of Wisconsin at the close of the Panama-Pacific exposition.

Muir invented the clock many years ago. The daughters of the naturalist, Mrs. Helen Muir Funk and Mrs. Wanda Muir Hanna of Martinez, Cal., have offered the clock to the Wisconsin institution, which Muir attended in the early sixties. The gift has been accepted.

KILLS WOMAN AND HIMSELF

Double Tragedy at Chicago as Result of Quarrel.

Chicago, Sept. 29.—Mrs. May Whitney, a piano player in a cafe, was shot and killed by Washington Irving Morley, formerly of the express firm of Ryan & Morley. Morley's father is said to be P. J. Morley, a wealthy Kansas City contractor.

After shooting the woman Morley turned the pistol to his head and killed himself.

The police were told that the two had been living together for some time, but had recently quarreled and the woman refused to go back to Morley.

Mrs. Whitney was said to have been a native of Boston, where she lived until about a year ago when she went to Kansas City, there becoming acquainted with Morley.

BONDS SECURE IMMENSE LOAN

American Bankers Will Advance
\$500,000,000.

NOTES WILL BE SOLD AT 98

Agreement Is Officially Made Public at New York—Five-Year Five Per Cent Joint British and French Bonds Constitute the Security.

New York, Sept. 29.—The agreement between the Anglo-French financial commission and the American bankers with whom they have been conferring over the proposed credit loan to Great Britain and France has resulted in the formation of a definite plan. It was officially announced here, for the establishment of a \$500,000,000 loan issue on five-year 5 per cent joint British and French bonds, payable jointly and severally by the two nations upon which the big loan will be a first lien.

The bonds will be issued to the public at 98, thus yielding approximately 5½ per cent to the investor and to the nationwide syndicate of bankers which will subscribe to the loan at 96.

Formation of the syndicate has been left to J. P. Morgan & Co. and a large group of American bankers and financial houses.

The bonds will be issued in denominations as low as \$100 and subscribers thereto may pay for them by installment.

At maturity these bonds will be repayable in cash or convertible into 4½ per cent joint Anglo-French bonds, redeemable from ten to twenty years thereafter by the two governments, jointly and severally.

In Name of Lord Reading.

Sir Henry Barington Smith, a member of the commission, made public the announcement. The statement was issued here in the name of Lord Reading.

It was announced that Russia would not participate in the loan.

Henry P. Davison of the firm of J. P. Morgan & Co., also issued a statement on behalf of his firm.

The 2 per cent margin between the prices at which the issue will be offered to the public and the syndicate likewise will reimburse members of the syndicate, it is contemplated, for their expenses in placing the loan on the market.

To bring the great offering—the largest of its kind ever placed in the United States—before investors throughout the entire nation the country will be divided into districts or zones and to each district there will be delegated a subcommittee of the syndicate managers.

The five-year bonds, principal and interest, will be payable in New York. It is possible that the interest will be payable in other cities.

Parliamentary ratification of the plan is necessary in the case of both Great Britain and France, but it is assumed by members of the commission that such endorsement will be secured without difficulty.

GERMANY'S DREAM IS ENDED

British Officer Says Outlet Beyond Mediterranean Is Blocked Forever.

Athens, Sept. 29.—Some phases of the Dardanelles campaign, which he alluded to as "distinctly the most far-reaching campaign of the war," were discussed here by an officer attached to the general staff of the British army on the Gallipoli peninsula, who recently came to Athens from the Dardanelles front.

"Germany's great dream was an entrance to the Mediterranean and an outlet beyond that sea," he said. "The Dardanelles campaign has ended that dream forever."

BACK FROM RUSSIAN FRONT

French Capture Some Prisoners and Gain More Ground.

Paris, Sept. 29.—The French troops fighting on the western front have made further gains of ground east of Souchez and north of Messines, the prisoners taken including Germans recently brought back from the Russian front, according to the official communication issued by the French war office.

PAIR SLAIN IN THEIR YARD

Captain and Mrs. Mueller Later Dragged Into House Is Opinion.

Milwaukee, Sept. 29.—That Colonel and Mrs. Robert W. Mueller were murdered on the grounds surrounding their cottage at Puckaway Lake and thence dragged into the house where their bodies were soaked in oil and set fire to hide evidence of the crime was the opinion of Dr. Daniel Hopkinson, who announced that blood found on the grass was that of a human.

DEMONSTRATION FARM OF COUNTY

P. B. Nettleton Asserts Present Management of Farm Nets 2 Per Cent on Investment

FAVORS ABOLISHING LEASING

As a Demonstration Farm Now Proposed Farm Would be of Increasing Value to County

To the Editor:—Referring to your brief article in Monday evening's Dispatch concerning the proposed change in the management of the county farm, the committee named representing both city and county presented their reasons for a change. There was a lively and very interesting discussion at the county commissioners meeting lasting about an hour.

The only opposition appearing was voiced by one of the commissioners who favored the present leasing plan and thought the county could do no better than to make another lease. Result—no action, the whole subject being postponed for consideration at the next regular meeting Oct. 1st.

I will not take time to go into details. The main reason for not leasing was, IT DOES NOT PAY. A low valuation of the farm and improvements is \$20,000. The amount received for rental for one year is \$400. This makes an earning of only two per cent. Against this should be reckoned a proper charge for depreciation and deterioration of the farm and buildings and cost of insurance. If those were charged off it would leave only \$200 or \$300 net or 1 to 1½ per cent on the value. What sane business man, farmer or county commissioner would accept that return on a \$20,000 investment? If this was to be a continuing policy, the farm better be sold and the money loaned at 6 per cent interest which would bring an income of \$1,200 a year for all time.

Another important consideration presented was the benefit that might accrue to the whole county by having a first-class farm properly managed so near the county seat, easily accessible to all, where proposed incoming settlers could see for themselves what can be raised here.

But suppose we acknowledge by our acts that so good a farm to be built with buildings and improvements costing \$10,000 or \$12,000 can not be made to earn the county over 2 per cent. How are we to get our lands settled up? We should either get better results or dispose of the property. Then we can receive a steady and sure income of interest of \$1000 or \$1200.

The whole question hinges on proper management and financing. Are our county commissioners ready to admit that they are incompetent and incapable of handling such a business proposition successfully?

P. B. NETTLETON,
Chairman Special Committee.
Note—A discussion of the question is desired.

TO DEDICATE CHURCH

Rev. C. Hougstad to Participate in Ceremonies at Home Church at Hardies Creek

C. Hougstad, pastor of the Norwegian-Danish Lutheran church, left this morning for Galesville, Wis. He will go from there about 12 miles to the settlement known as Hardies Creek, where he will participate Sunday, Oct. 3rd, in the dedication of a new up to date church, built this summer.

It was in this congregation he was reared, being confirmed there in the year 1882. It is upon the invitation of the local church that he and a boyhood friend and college classmate will return to the scenes of their boyhood to celebrate with old time friends and acquaintances not only the dedication of the new and larger

Better buy blankets than make comforters

Few women realize the extraordinary bargains we are giving in wool blankets until they come and examine them. These are all-wool blankets—most of them weigh about 4½ pounds. They are made in grey, tan and pink. More people are using blankets than ever before because they are more sanitary and in the end they are cheaper. It was a very fortunate purchase which permits us to offer these at \$4.95 and you'll be fortunate to secure them at this price.

church, but also the fifteenth anniversary of the founding of the congregation.

While in Wisconsin he may also visit his old charge at Lodi, near Madison, whence he came to Brainerd nearly nine years ago. He may also take a hurried trip to the quaint little county village of Holmen, near LaCrosse, where 28 years ago he taught his first public school at \$39 a month and thought he was prospering nicely.

His trip will also take him through Baraboo, the home of the Ringlings where the camels may be seen out doors all winter like horses in the barnyard. He also served a church there from Lodi. He plans to be

back in Brainerd by the 15th or 16th of October.

The next services at Brainerd are announced for Oct. 17th.

For Miss Willis

A farewell party was given Miss Gertrude Willis Tuesday evening at the home of Mrs. E. M. Phelps, 213 North Ninth street. There were present about 16 young people and a very sociable evening was spent. Refreshments were served and Miss Willis was presented with a beautiful souvenir spoon by her friends.

Miss Willis has been in Brainerd two years, and has been a willing worker both in church and Sunday school and a favorite with her many

friends who will miss her very much. She leaves soon with her parents to reside in St. Paul.

LAUDS RESULTS OF CIVIL WAR

President Wilson Addresses G. A. R. Convention.

COLONEL PALMER PRESIDES

Commander-in-Chief of the Grand Army of the Republic introduces the Chief Executive Amid Thunderous Cheers and Says Veterans Are Behind Him in His Conduct of Foreign Affairs.

Washington, Sept. 29.—Veterans of the Civil war here for the annual encampment of the Grand Army of the Republic were formally welcomed to the capital by President Wilson, who told them their battles fifty years ago were fought that the greatest instrumentality for the uplift of mankind the world has ever seen might not be impaired.

The president spoke amid scenes of patriotic fervor in the crowded convention hall, into which the old census building had been converted.

Colonel David J. Palmer, commander-in-chief of the G. A. R., introduced the president amid thunderous cheers and informed him that the veterans are solidly behind the administration's conduct of the present day foreign problems and that their sons will support him in any steps he may take.

"It is a singular thing that men of a single generation should have witnessed what you have witnessed in the crowded fifty years which you celebrate," said the president. "You took part when you were young men in a struggle the meaning of which I dare say you thought would not be revealed during your lifetime, and yet more has happened in the making of this nation in your lifetime than has ever happened in the making of any other nation in the lifetime of a dozen generations."

"The nation in which you now live is not the nation whose union you fought."

"You have seen many things which have made this nation one of the representative nations of the world with regard to the modern spirit of that world."

"This nation was from the beginning a spiritual enterprise and you have seen the spirits of the two once divided sections of this country absolutely united."

"You set the nation free for that great career of development, of unhampered development, which the world has witnessed since the Civil war."

DULUTH TAX RATE HIGHER

Annual Budget Provides for a Total Levy of \$913,000.

Duluth, Sept. 29.—Commissioner Fred Voss, head of the city's finance division, has presented to the other commissioners copies of the budget of 1916 and the necessary ordinances adopting it will be introduced next Monday. The budget provides for a total levy of \$913,000, including \$715,000 under the 13-mill tax allowed by the charter for department funds; \$100,000 for the interest fund; \$80,000 for the sinking fund; \$7,000 for the police pension fund; \$5,500 for the firemen's relief association and \$5,500 for the soldiers' monument proposed for the courthouse square. This makes the tax rate 16.10 mills on an estimated value of \$55,000,000. The tax rate last year was 16.07 mills.

COURT SCORES EMBEZZLER

Former Secretary of National Fraternal League Sentenced.

Green Bay, Wis., Sept. 29.—Declaring the crime to which Perry G. Wright, former secretary of the Union Building, Loan and Savings association and the National Fraternal league, pleaded guilty in municipal court to be the worst of its kind that has come to his notice, Judge Carlson sentenced the once influential citizen to a term of ten years in state's prison at Waupun.

For ten years Wright looted systematically funds of the two organizations. His defalcations reached a total of \$44,000, according to audit.

DEPOT ROBBER SENTENCED

Beloit Man Returned to State Prison After Two Holdups.

Beloit, Wis., Sept. 29.—Paul Howe, thirty-five years old, charged with holding up ticket agents at two depots in Beloit, pleaded guilty and was sentenced to serve seven years in the state prison at Waupun. He has served two terms there for burglary and has been in the reformatory one year.

NAVY YARD CHIEF STRICKEN

Captain John J. Knapp Dies From Apoplexy.

Philadelphia, Sept. 29.—Captain John J. Knapp, commandant of the Philadelphia navy yard, died at the naval hospital here from apoplexy.

He was stricken at his desk as he was about to start on his physical test walk of ten miles.

COMMISSIONERS' PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held September 25th, 1915

Pursuant to adjournment the board met at eight o'clock P. M. Present, Commissioners Erickson, Oberg, Flansburg and Crust.

Bids for the rental of the poor farm were opened. The following bids were received:

Albert Young \$450.00 per year for a period of three years. R. N. Potter \$400.00 per year or \$450.00 per year if permitted to cut wood and posts from the land for use on the farm only. Citizens were present and addressed the board in regards to having the farm used for demonstration purposes. On motion made the matter of renting the farm was deferred until the October 5th meeting of the board.

Commissioner Crust offered the following resolution and moved its adoption:

"Be It Hereby Resolved, that Crow Wing county expend out of the sources available for that purpose for state road work for the year 1916 the following amounts:

\$7500.00 on State Road No. 3, between the city limits of Brainerd and Merrifield.

\$10,000.00 on State Road No. 4 between Barrows and the Morrison county line.

\$7500.00 on jobs No. 3 and No. 5 of State Road No. 6.

\$15,000.000 on proposed State Road No. 7, which resolution being seconded by Commissioner Flansburg was duly carried, all members voting "aye."

Commissioner Oberg offered the following resolution and moved its adoption:

"Whereas, it is the intention of the board of county commissioners of Crow Wing county to improve the state roads within the boundaries of their county as much as possible in the following year, and,

Whereas, it is the intention to designate the road running northwesterly from Brainerd to Jenkins as a state road, the same to be known as State Road No. 7, and owing to the fact that most of the proposed roadwork for the year 1916, especially State Road No. 7, is located in sections of the county where road building is difficult and costly owing to the inaccessibility to material,

Be It Hereby Resolved, that this board respectfully request the Minnesota Highway Commission to apportion to Crow Wing county the maximum allowance or three percent of the amount to be apportioned the various counties out of the state road and bridge fund for the year 1916."

Which resolution being seconded by Commissioner Flansburg was unanimously adopted, all members voting "aye."

The Minneapolis Bridge Company submitted a bond covering the construction of the three bridges awarded to them at the September 7th meeting of the board as follows

State Bridges 1896 and 1901 and bridge over the Nokay Sebie in section 28, township 45, range 29, and on motion same were approved.

The bill of the Austin-Western Road and Machinery company, for one rock crusher in amount \$1,750, was allowed.

The Minnesota Telephone company requested permission to attach four twelve pin cross arms to the iron work of the Laurel Street bridge over the Mississippi river for the purpose of carrying telephone wires. Upon motion the request was granted.

On motion board adjourned until Tuesday, October 5th, 1915, at ten o'clock A. M.

VIEWS OF GERMAN CRITIC

Says Foes Are Nearing the End of Their Resources.

Berlin, Sept. 29.—Germany has not yet reached the limit of her military efforts, while her foes are drawing near the end of their resources, declares Major Morabt, the military critic of the Berliner Tageblatt, in a review of the present status of the belligerents.

In his review, an abstract of which is given by the Overseas News agency, he points out that Germany places the military age limit of forty-five years and has not even registered younger than twenty years, while France, he says, is preparing to send to the front in December nineteen-year-old boys, and is unable to relieve from service on the fighting lines soldiers who are even more than forty-five years old.

GERMANS HAVE NOT WHOLLY STOPPED ALLIES

By J. W. T. Mason, for United Press

The Germans have not wholly stopped the Allies' western offensive, but have seriously impeded its speed, and have brought the movement to a full halt at all crucial points. The slight advances now being made by the British and French are for the moment without serious importance.

The chief British objective at present is Lille, just as it was at the time of the shortlived Neuve Chappelle offensive, six months ago. The Germans have concentrated their major strength, apparently, in this district, for they continue to hold all their first-line positions in advance of Lille. The British gains to the south of Lille are not of such a nature as to affect France's great industrial center. They are chiefly near Lens, 17 miles southwest of Lille.

The Lens operations of the British army are in co-operation with the French attacks north of Arras. This double movement, apparently, has been planned for the purpose of reaching Douai, about 20 miles directly south of Lille. Douai and Lille are the two principal advance supply stations and railway centers for the German armies in the present western battle area. Their capture by the Allies would compel a large reconstruction of the German lines, freeing a considerable area of northern France.

The immediate objective of the French offensive in Champagne is the railway which connects the German central portions with the environs of the crown prince's field headquarters at Montfaucon. The French are now almost if not quite within sight of this railway. The town of Somme-Py, mentioned in the French official dispatches, commands it at a principal highway crossing, 25 miles west of Montfaucon. Somme-Py's fall would not compel the crown prince to move his advance positions farther back toward German territory, but would help the French line to move to the east.

It is at the eastern end of the new French positions that the Germans are holding best. As long as they remain immovable there, the crown prince's army is safe.

BLAME ROAD FOR EXPLOSION

Charge Railway Officials With Criminal Negligence.

Ardmore, Okla., Sept. 29.—Proceedings to fix the responsibility for the disaster of Tuesday, in which a tank car explosion caused the death of forty-seven persons, injuries to a hundred others and property loss of more than half a million dollars, were started by the municipal authorities, who charged the Gulf, Colorado and Santa Fe railway officials with criminal negligence.

This was announced by Russell Brown, city attorney of Ardmore. Of the forty-seven dead, according to the police list, twenty-six were white and twenty-one negroes.

WAR NEWS OF ONE YEAR AGO TODAY

French and British war office reports declared that the movement to flank the German right was developing at the northern end of the western front.

Berlin admitted that there had been heavy fighting but said that there had been no decisive result.

Advancing Belgians reoccupied Malines. Antwerp forts were being bombarded.

Russia reported repulsing desperate attempts of four German army corps to cross the River Nieman to cut the Warsaw railroad.

Italy protested to Vienna against sowing bombs in the Adriatic.

Austria lost great stores of war material in the recent defeat in Galicia.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry wispy and scraggly, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Youth Pleads Guilty to Crime and Becomes Insane.

Sheboygan, Wis., Sept. 29.—What to do with a prisoner who, after pleading guilty to burglary becomes insane, is a question that is puzzling Judge Michael Kirwan of the Sheboygan county circuit court.

Ten days ago Earl Stetton, eighteen years old, of Whitewater, recently released from the industrial school at Waukesha, was arrested at Sheboygan and confessed to a charge of burglary.

He became a maniac and was removed to the county asylum.

GUILTY OF GIRL'S MURDER

Florida Mill Owner Convicted of Killing Young Woman.

Clearwater, Fla., Sept. 29.—J. J. Mendenhall, a prominent orange grower and mill owner, was found guilty here of first degree murder in connection with the death of Miss Susie Elliott, whose body was found in the ruins of Mendenhall's burned automobile near here July 2.

The jury recommended mercy. Sentence was deferred.

Mendenhall also is under indictment for killing Miss Elliott's mother, Mrs. Bessie Elliott, also found dead in the burned car.
